

## Chateau de la Carriere – Accommodation Options

Located in the Mayenne (top of the Loire Valley) our 200 year old chateau was built and owned by the same family for 150 years. We fell in love with the property on our first visit becoming the proud owners in 2015 and have spent the last 3 years bringing this amazing property back to its former glory. Whilst it is still a work in progress we are now ready to share our French fairytale with others and offer the following accommodation options.
